Our people are committed and passionate about improving lives in Latin America and the Caribbean, and they get to do what they love in a diverse, collaborative and stimulating work environment. At the IDB, we're committed to improving lives. Since 1959, we've been a leading source of long-term financing for economic, social, and institutional development in Latin America and the Caribbean. We do more than lending though. We partner with our 48-member countries to provide Latin America and the Caribbean with cutting-edge research about relevant development issues, policy advice to inform their decisions, and technical assistance to improve on the planning and execution of projects. For this, we need people who not only have the right skills but also are passionate about improving lives.

Criteria

Learning goals

- Recognize the current context and status of financial inclusion in Latin America and the Caribbean
- Identify the challenges and opportunities presented by the financial inclusion ecosystem in Latin America and the Caribbean
- Recognize the main trends and solutions driven by Digital Transformation that impact the inclusive finance ecosystem
- Identify the key stages of a roadmap to achieve Digital Transformation in financial entities
- Identify the digital maturity level of your entity through a digital maturity self-diagnostic tool developed by IDB Invest
